Finally, a sensible way to buy software!

Have you ever wished that you could:

- Try out software in the comfort of your own home without any purchase commitment, sales pressure, or risk whatsoever?
- Buy only software proven useful for your purposes?
- Easily find software for unusual applications?
- Find inexpensive software to teach yourself or someone else about computers?
- Experiment with many different software packages just to have fun seeing what your computer can do?

If so, we have good news for you! MicroCom Systems published **"The MicroCom Collection"** to make all of these things possible. And we guarantee satisfaction!

Take a quick look at the tremendous variety of PC software listed in this brochure. We are sure you will find something you have been looking for, something which you either couldn't find elsewhere or had to pass up because it just wasn't worth the price. And if you can't find it here, give us a call (toll free)! **This list represents less than half of our collection.**

All of the software listed below (and hundreds of titles we couldn't fit here) is available for no more than **\$2.99** and as little as **\$1.99** per diskette (\$1/disk more for 3.5" disks). Furthermore, **every disk in "The MicroCom Collection" comes with a satisfaction guarantee and may be returned to us for exchange or refund within 30 days**, no questions asked!

Personal computers are expensive and valuable tools. **Without appropriate software, however, a PC is virtually useless!** This is one reason most people use only a small fraction of their PC's true capabilities. At MicroCom Systems' prices it becomes feasible to build an extensive software library, helping you realize your PC's full potential and get the most from your computer investment.

How can we offer software at such low prices?

Through a new concept in software distribution known as **Shareware**. We have arranged with our Shareware authors to allow us to distribute their software without paying royalties. As a result, **we need only charge customers for distribution costs**, which we keep low by dealing in large volumes.

In return, we promote and distribute the software and urge satisfied users to register their copies with the authors, who rely solely on registration fees as compensation for their efforts. Users who register typically receive added benefits.

MicroCom Systems is a pioneer in this approach to software distribution. With hundreds of thousands of satisfied customers, we know it works. **Give us a try!**

Bonus! Order before the deadline and get a software disk free!

See ordering instructions for details!

ASTROLOGY AND MYSTICISM

- 328 **By The Numbers** - Interpret the astrological significance of your name and birthdate. 2 drvs.
- 379 **Fortune** - Your fate determined through various methods of divination: deck of cards, dice, and more.

- 234 **T-Master** - Ease the entire inventory process! Allows for updates and control of daily levels. 2 drvs.
- 184 **The Price Book** - (2 disks) Easily generate invoices, POs, and itemized lists with price extensions!
- 055 **The Property Manager** - Accurately manage 50 to 1000 rental units without accounting knowledge.
- 378 **dTimeKeeper** - (2 disks) Easily track time and billing information for client statements. 400K, hrd disk.

COMMUNICATION

- 165 **First Avenue** - Link together 5 PCs via null-modem cable. Increase group productivity. E-Mail & more.
- 324 **Fone** - (3 disks) Save on phone bills! Compare long distance companies' rates. Easy and precise.
- 266 **PC-Dial** - Your link to the world! Basic and advanced communications features. Supts diff modems.
- 124 **Procomm** - (2 disks) Most popular PC modem program! Many advanced features, yet easy to use.
- 105 **Omodem SST** - (4 disks) Powerful communications utility. Access other PC's and BBS's worldwide.
- 091 **RBBS** - (5 disks) Achieve sysop status! Create and manage your own bulletin board system. Hrd disk.
- 133 **Searchlight BBS** - (3 disks) Complete BBS with user friendly command system, private mail, & more.
- 009 **Wildcat** - (2 disks) Set up your own BBS. Callers can get info, files, programs. Secures sensitive files.

COMPUTER AIDED DESIGN

- 223 **Altamira** - Create diagrams and more using easily drawn boxes, ellipses, etc. Express yourself! ★
- 210 **DanCad 3D** - (2 disks) Create advanced 2D/3D designs and animated sequences. 640K, hrd disk. ★
- 145 **Fingerpaint** - Paint pel based pictures with cut and paste, spraypaint, etc. Supts Herc, CGA, EGA.
- 113 **Image-3D** - Design 3 dimensional wireframe graphic structures. 2 drvs, 512K. Supts CGA, EGA.
- 127 **PC-Flow** - Make flowcharting a breeze! Use for organizational charts, outlines, programming, etc. ★
- 242 **PC-Key-Draw** - (4 disks) Graphical dbase system for engineers and artists. Supts mouse/joystick. ★
- 285 **Surfmodl** - (3 disks) Produce, shade, and alter realistic 3-D images. Supts Herc, CGA, EGA, VGA.
- 290 **VGA Paint** - Create fantastic pictures using 14 brush shapes and up to 248 colors! 450K, mouse.
- 362 **VGAcad** - (2 disks) Edit graphics, colorize pictures, and paint. Enhance digitized pictures. 512K, VGA.

COMPUTER LANGUAGE

- 385 **370 Assembler** - Test programs on your PC before uploading to a 370. Assembler, linker, & emulator.
- 336 **A86/D86 Assembler** - (2 disks) Forget MASM! Use this full-featured macro assembler and debugger.
- 054 **Augusta** - This interpreter is a subset of ADA (the language of the future). Source code is provided!
- 085 **Basic Windows** - Enhance your Basic programs with useful windows. Underlying text reappears.
- 326 **Forth 83** - (2 disks) This powerful implementation of Forth includes interpreter, decompiler, and more!
- 352 **Icon** - Create concise programs for string manipulation and text analysis with this high level language.
- 155 **PD Prolog** - Give your PC a mind of its own! Write clever AI programs with this interpreter and editor.
- 281 **Small-C** - Code programs for this subset of C (popular programming language) compiler & interpreter.
- 280 **Snobol** - A powerful programming language. Use for prototyping, formatting text, finding patterns, etc.
- 087 **Turbo Enhancement** - Supplement your Pascal command library with functions for video, printer, etc.
- 342 **Turbo Pascal Utils** - Useful programs including an interactive debugger, pop-up help text, and more!
- 305 **Visible Pascal** - Observe programs while debugging! Single-step and interactive modes for learning.
- 104 **Xlisp** - Object oriented AI language. Several sample programs included. Prior Lisp knowledge helpful.

DATABASE

- 232 **Dr. Data Label** - (2 disks) Friendly mailing list manager and label editor. Much like dBase III. 640K.
- 027 **FastFlow** - Problems reading dbase code? Reformat functions and nested loops. Save debug time.
- 226 **File Express** - (2 disks) Simplify your life with this menu driven, all purpose database manager.
- 147 **Free Form Database** - Break free from the strict structure of other databases! Enter data your way.
- 231 **Kwikstat** - (2 disks) Easily analyze statistical information graphically from your database file. 512K. ★
- 159 **Mass Appeal** - Mail list manager with special features to track your market. Reads dBase files. 512K.
- 363 **Maxifile** - Fully programmable menu driven database manager. 512K, 2 drvs or a 720K 3 1/2" drv.
- 344 **PC-File+** - (3 disks) Custom database. Sort by keywords, words, phrases. Prints letters. 384K, 2 drvs.
- 171 **PC-File: dB** - (3 disks) Powerful! Graphs, labels and uses dBASE files. 412K, hrd disk or 2 720K drvs.
- 395 **Reliance Mailing Sys** - Keep in touch with customers or friends. Records info and generates labels.
- 016 **TSW** - Combine dbase, wordprocessing, spreadsheets, and more into one complete package. 2 drvs.
- 292 **Wampum** - (2 disks) Create dBASE III compatible databases using this fully functional dBASE clone.
- 059 **dLite** - Tap into the power of dBASE III from within any program! Access up to 10 files at one time.
- 098 **pBase** - Create a database to fit your needs! Easily relate data from different files for true versatility.

EDUCATION - COMPUTER

- 111 **ADA Tutor** - Interactive, effective tutorial of the multi-functional language ADA. Hrd disk or 3.5" drv.
- 185 **Dos Reference Manual** - (2 disks) Replace expensive Dos manuals. Compiled from 30+ sources.
- 186 **Dos Tutor** - Learn Dos quickly and painlessly with this interactive tutor and command reference!
- 086 **Generic-C Tutorial** - (2 disks) Learn the complex language C in fourteen lessons. C compiler req.
- 219 **Learning System** - (2 disks) Learn WordPerfect 5.0 commands & functions effectively. 384K, 2 drvs.
- 160 **Lotus Learning Sys** - (2 disks) Interactive 1-2-3 tutorial for the novice spreadsheet user. Hrd disk.
- 099 **Modula-2 Tutorial** - (2 disks) Grasp the Modula-2 language in 16 lessons. Many sample programs.
- 174 **PC-Professor** - Develop a rewarding computer skill by learning Basic with this interactive tutorial!
- 051 **PRL-Tutor** - Build an expert system! This version of INSIGHT 2+ features on-line guidance for ease.
- 041 **Pascal Tutorial** - (2 disks) A complete tutorial from compiling your first program to advanced topics.
- 052 **Turbo Pascal Tutor** - Teach yourself with this hands-on tutorial. Both basic and advanced concepts.

EDUCATION - GENERAL

- 123 **ABC Fun Keys** - Give your kids a headstart! Teach them numbers and alphabet. Supts Herc, CGA.
- 345 **French** - No speaka di language? Improve your basic skill with this collection of vocabulary exercises.
- 182 **German** - An inexpensive way to learn German. Over 1600 words, 3800 conjugations & 160 phrases.
- 271 **Grade Guide** - (2 disks) Teachers, easily store students' grades on disk. Numerous options available.
- 376 **GradeM** - Teachers and students monitor grades with advanced percentage and curve manipulations.
- 366 **Gradescan** - Make storing, updating, & averaging student grades easy with this electronic gradebook.
- 340 **Italian Teacher** - Your PC becomes your language instructor! Drills on vocabulary, verbs, and more.
- 142 **Morse Code Tutors** - Learn and gain dazzling speed! Stresses rhythm of code, not just dot/dashes.
- 126 **Origami** - Learn the wonderful and creative Japanese art of folding paper into beautiful objects. ★
- 228 **PC-Fasttype** - Typing was never this much fun! Build impressive speed while improving your skill. ★
- 191 **PC-Quizzer** - Become a Renaissance Man. Learn math, music, history, more. Sign language demo.
- 301 **Prequizz** - Learn the U.S. Presidents, geography, state capitals, periodic table, math, and more! ★
- 277 **Select A College** - Choose the best college or trade school by area, rating, tuition, and more. 2 drvs.
- 076 **Spanish** - Improve your Spanish! Offers you vocabulary and verb drills, a verb conjugator, and more.

FINANCE

- 343 **AM-Tax** - Save time preparing your 1988 federal income tax returns. Print your completed 1040 form!
- 078 **Bill-Power-Professnl** - Integrate timekeeping, billing, and general ledger. Can use with Moe (#300).
